# מַסְעֵי

Masei

(journeys of)

YHWH told Moshe that when the people went into the land they had to conquer it and take over. He did not want any unbelievers there that would make the people stray from YHWH.

YHWH divided the land so that every tribe would have their own inheritance. Several cities were to be given to the Levites so that they could have an inheritance, too.

YHWH also was going to have them build a city for a refuge. Those that accidentally killed another person, were to flee there so that the avenger (a blood relative of the person who was killed) would not kill him. If he intentionally murdered someone, though, he was to be put to death. The people that fled to one of these cities had to stay there until the Kohen Gadol (High Priest) died. If he left before then, the avenger could kill him.
